San Diego Children's Coalition
Final End-of-Summer Meet & Greet Mixer
 September 30th - 6pm to 8pm
 94th Aero Squadron

8885 Balboa Ave, San Diego 92123
[Website and Directions](#)

Hello All Coalition Members and Friends...

FINAL SUMMER MIXER: Please join us for the End-of-the-Summer Children's Coalition Mixer this Wednesday, Sept 30th at the 94th Aero Squadron!!! This is the 3rd Mixer and it has been a pleasure getting to know everyone. This will be our last outdoor Mixer for the summer season.

FUNDRAISING EVENTS: In October and December, the Coalition will hold two fundraising events for Halloween and Christmas. More details soon.

SUPPORTING YOUR ORGANIZATIONS: After a 3 month get to know everyone period, the San Diego Children's Coalition (SDCC) will now go into active mode to help serve Children's Organizations in San Diego County. The Coalition will focus on:

- * Helping to promote & support Children's Organizations and Events throughout San Diego.
- * Building partnerships with Service Organizations such as Kiwanis, Lions, and Rotary Clubs. These organizations have thousands of members dedicated to service.
- * Building partnerships with high school & college service clubs to coordinate volunteerism.
- * Building partnerships with Community Organizations such as VAVI Sports, organizations with thousands of members to encourage these groups to volunteer and support fundraising efforts.

COALITION'S WEBSITE AND NEWSLETTER: Please signup on our website and get your Organization listed. Posting your upcoming special events on our calendar will help us get to know what's going on in San Diego and allow us an opportunity to support your cause. Shortly, we will be starting our weekly newsletter that will be sent out to thousands of individuals to help promote your Organizations and Events.

Looking forward to seeing everyone again at the final summer Mixer Wed, Sept 30th at 6pm. Please feel free to forward this email to anyone who care about children in need!

See you Wednesday,

The San Diego Children's Coalition
